

June 1, 2009

To our Family's of Six Mile Charter Academy,

How incredibly quickly the year has passed. We are rapidly approaching the end of what has proven to be a busy but successful school year. The end of the academic year is one filled with mixed emotions. There is relief that the year is over, excitement for challenges ahead and some sadness as friends move on to other schools. When reflecting upon the year, I am delighted with what we have achieved. I would like to emphasize that many of the developments at Six Mile Charter Academy have come about through teamwork, cooperation and open communication and would like to thank the staff for their wonderful contributions to SMCA. I intend for these areas to be further developed next year.

Have a pleasant and safe summer and I look forward to even greater accomplishments this 2009-2010 school year. In the meantime, make this a fun and educational summer for your child. Plan family activities that all can enjoy. Naturally, trips to the library should be a part of the weekly routine, but here are some other ideas you might like to try:

- Use the weather map from the newspaper to learn geography.
- Use newspaper information to make charts and graphs.
- Plan activities the whole family can enjoy.
- Learn a new sport or activity with your child.
- Turn off the TV.
- Teach your child to prepare healthy snacks.
- Family responsibility should be a part of your child's summer routine.

Have a fun, safe, enjoyable summer!

Sara Abraham
Principal
